

# SmartMat 100W/150W/200W

## Overview

The SmartMat underfloor heating mat has a self-adhesive fibre glass backing mesh with a pre-attached ultra-thin twin conductor 3mm heating cable, ensuring minimal increase to the existing floor height. The function of the matting system is to provide a warm floor. Superior product design ensures a speedy installation with an even heat across the complete floor surface, whilst allowing unlimited adjustment of the heating element to suit irregular formats.
